About the Course

This is a comprehensive 70+ hour blended certificate program, meticulously designed to elevate your expertise in advanced preventive and interceptive orthodontics. This course seamlessly integrates online learning with hands-on offline sessions, offering a dynamic and enriching educational experience.

The course covers a wide range of essential topics, including:

- Growth assessment
- Preventive strategies
- Interceptive care
- Early fixed orthodontics (2×4)
- Myofunctional therapy
- Arch expansion
- Mixed dentition aligners

Key Highlights

- **70+ hours** of comprehensive learning (lectures, hands-on sessions, case discussions)
- **Hybrid format:** 3 online sessions + 2 offline sessions for flexible learning
- **Focus areas:** Myofunctional appliances, space maintainers & habit-breaking appliances, arch expansion, 2×4 orthodontics, aligner systems
- Certification under the esteemed ISPPD (Indian Society of Pedodontics and Preventive Dentistry)
- **Eligibility:** Exclusively for ISPPD members
- **Limited seats:** Only 30 seats available to ensure personalized attention
- **Hybrid mode:** Blend of online and offline learning
- Certification ceremony upon successful completion of the course
