The Official Newsletter of  
Indian Society of Pedodontics and Preventive Dentistry

April-June 2022

**T**he Indian Society of Pedodontics and Preventive Dentistry (ISPPD) is a national society specifically concerned with the oral health of children in India. It aims to improve oral health in children and encourage the highest standards of clinical care. ISPPD has over 2000 Pediatric Dentists as life members.

“The emblem of the society is based on the famous triad of Keyes (1960). One circle represents the tooth, the other the bacteria and the third diet. The shaded area of intersection of the circles represents dental caries. The Stress given is that for caries to develop all the three factors are essential; caries cannot occur if one factor is missing. Incidentally, this area of inter section of circles takes the form of Triangles. The triangle connotes two aspects- it represents delta, which is the sign of dentistry & it depicts the pedodontic triangle as given by Wright (1975). The three corners of triangles are indicative of (a) Child, (b) Mother (parent) and (c) Dentist. This triangle represents 1:2 transaction for the management of children. The top circle of keys in the emblem carries symbols of the emblem of the Indian dental Association (IDA)- Staff of Aesculpius with wings of serpents encircling around it. The staff of Aesculpius stands of captor of authority and represents the professional authority of association. The serpents show the power of healing since serpents ages back have been used for healing. Hippocrates adopted this symbol and we have adopted it with two serpents entwined around the staff in opposite directions. The wings on the staff represents the spread of knowledge. The wings have 6 small and 3 large divisions as in the IDA emblem.”

The Indian Society of Pedodontics and Preventive Dentistry has been formed on the firm belief that "Every child has a fundamental right to his total oral health". The Society has an obligation to fulfill this faith.

of Pediatric Dentistry

# ISPPD in International Association of Pediatric Dentistry Newsletter

## Meet Shobha Tandon

India

### Project Title

Healthy Children Bright Smiles

Award Year: 2003

### How did your project contribute to the improvement of children's oral health?

By creating awareness of oral health amongst children, their parents as well as teachers.

### How many children were involved/reached?

15000

### What changed during the years with your project while you were implementing it?

Awareness of the importance of oral health increased.

### What were the main achievements of the project?

Dramatic change in their knowledge, attitude and practice habits. Reduction of prevalence of dental caries and a better gingival health status.

### What did it mean to you to win the BSBF Award?

It was a great incentive to encourage students in improving their performance and understanding for caring for the oral health status of children.

# Healthy Children Bright Smiles 2003

**Dark Yesterday**  
Mummy didn't take care of my teeth.

**Hopeful Today**  
I look like a great tooth. Mummy takes care of them.

**Bright Tomorrow**  
I have healthy teeth and I can take care of them.

### Planning

**Schools:** 20 schools selected, 100 - 1000 students in each school.  
**Manpower:** Consultants, postgraduate students, interns, nursing staff for dentition, screening and treatment.  
**Schedule:** Planned schedule for each day.

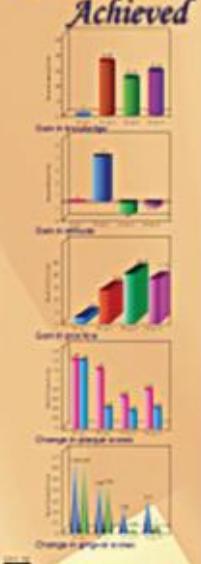

### Aids Used

**Flip charts:** Used for educating about oral hygiene, maintenance, informed health care etc.  
**Model teeth:** Used for providing hands-on demonstration on brushing, flossing techniques.  
**Modeling:** Done in classrooms for increased acceptance of oral health education, for psychological benefits.  
**Parental brochures:** Circulated at the end of each orientation session for reinforcing oral health education.

### Activities

-  **Attitude survey:** Initial step of assessing knowledge, attitude and practice of children, parents, teachers towards oral health.
-  **Orientation program:** Provides information regarding the basic structure of the tooth, brushing, flossing techniques, diet counseling.
-  **Screening camps in schools:** Weekly camps organized to screen students of schools in last week.
-  **Installing school dental clinics:** Clinics installed in school premises to provide immediate and minor treatment.
-  **School treatment camps:** ART, fluoride, sealant application carried out.
-  **Referrals for extensive treatment:** Children requiring extensive treatment are referred to specialty dental clinics.
-  **Parental/Teachers instructions:** To emphasize the effect of brushing and flossing to students about oral health.
-  **Symposiums:** Authoritative symposiums conducted for educating the general public in the school premises.
-  **Parent Dental meet:** To facilitate a level of personal interaction for better understanding about the importance of oral health.

### Outcome Achieved

Prof. Shobha Tandon (IAPD)  
 Dr. Anand Singh (Postgraduate Student)  
 Department of Paediatric and Preventive Dentistry  
 College of Dental Surgery  
 Maratha University of Higher Education  
 Mumbai, India

# Indian Society of Pedodontics & Preventive Dentistry

**I**SPPD organized the following events in 2021:  
 42nd Annual Conference "PEDODISHA-21; Curriculum Meet the Culture" was organized in November. The main highlights of the four-day conference included 6 foreign speakers, including Dr Marcelo Bönecker and Dr Jeffrey Dean, 12 pre-conference courses, along with 946 oral and 428 poster presentations. 1,965 delegates attended. Dr Susant Mohanty was the Organizing Chairman.

A reviewer's training program on "Effective Peer Review" under the chairmanship of Dr Radhika Muppa was organized in October. The aim of the workshop was to improve the peer review process for the society's PubMed indexed Journal (JISPPD). ISPPD "Faculty Development Programme; Training the Teachers" was organized on virtual mode under the chairmanship of Dr Shabnam Zahir. More than 250 faculty members working in different dental colleges attended. Three public awareness competitions – Oral Health Day, Children's Day and Teacher's Day – were organized with

the aim to increase dental health awareness amongst children, their parents and primary school teachers. 101 dental colleges and approximately 40,000 primary school children participated.

"PedoVirCon-2021; Enhancing Skills through Demonstration" was organized in January, inaugurated by Dr Marcelo Bonceker, IAPD President. Speakers enlightened the delegates through video demonstrations on 25 different topics. Dr Shantanu Choudhari was the chief coordinator. A "Virtual Pedo RaRe-2; A Rapid Revision Summit" was held in April 2021 for postgraduate students to rapidly revise the syllabus before the university examination. The summit included 24 lectures. The chief coordinator of this program was Dr Sharath Asokan. A national-level Essay Competition was also organized for Indian pediatric dentists on the following topics - "Caries Excavation; Current Concepts and Techniques" and "3D Printing; Its Applications in Pediatric Dentistry". 103 entries were received; and Dr Shraddha Saika from ITS Dental College won 1st prize.

### A Global Voice of Paediatric Dentistry Activities

We are very pleased to announce the breaking record of 41 National Member Societies' Reports.

Our worldwide family is growing and we are very happy to share the ongoing activities of our colleagues.

Together we are the Global Voice of Children's Oral Health.

The IAPD Board of Directors would like to take the opportunity to thank all National Societies and Members for their ongoing support.

Your support helps us rise our voice to the global community to ensure the progression in children's health worldwide.

# ISPPD LAUNCHED CERTIFICATE COURSE IN SPECIAL HEALTH CARE NEEDS IN DENTISTRY

INDIAN SOCIETY OF PEDODONTICS AND PREVENTIVE DENTISTRY

## CERTIFICATE COURSE ON SPECIAL HEALTH CARE NEEDS IN DENTISTRY

### HIGHLIGHTS

The course will be divided into 3 modules.

- Module 1 - Online
- Module 2 - Offline
- Module 3 - Evaluation and Examination

**COURSE DURATION: 40 hrs**

### OBJECTIVES

Children with special health care needs present a great challenge for the paediatric dentist in providing the appropriate dental care. This certificate course addresses the commonly occurring medical and developmental conditions that make dental treatment difficult. It aims to enhance the knowledge, understanding and clinical skills to better manage children with special health care needs.

## TWITTER HANDLE OF ISPPD LAUNCHED

**The Twitter handle of the  
ISPPD was launched and is  
being managed by Dr Ashish  
Saxena, EC member**

# Institute's Achievements

## Saveetha Dental College & Hospitals, Chennai

*Gain with "No-Pain"*

VI-edition CDE program on treating children under General Anesthesia was conducted by Department of Pediatric & Preventive Dentistry, Saveetha Dental College & Hospitals, Chennai on 22nd and 23rd of March 2022. The participation was restricted to 10 candidates from various parts of India. **Dr. Deepa Gurunathan**, Professor of Pedodontics highlighted the need for General anaesthesia in treating children. **Prof. Mahesh Ramakrishnan** discussed the clinical tips to encourage parents for treatment under anesthesia. **Dr. Mebin George** explained about the importance of documentation and consent forms for complex dental procedures. Complete oral rehabilitation was performed for 4 children in the two days of hands on workshop. The participants were given hands on training on pulpectomy, stainless steel crowns, aesthetic crowns under general anesthesia and nitrous conscious sedation.

# Hazaribag College of Dental Sciences and Hospital, Hazaribagh (H.C.D.S.H.)

The Department of Pediatric and Preventive Dentistry, Hazaribag College of Dental Sciences and Hospital, Hazaribagh (H.C.D.S.H.) has organized a sporty dental event, “**PEDO-CYCLOTHONE- pedal up and spin the wheels**” for kids and adults of varied age groups to celebrate WORLD BICYCLE DAY on 3rd June 2022 in the lush green campus of the institute. The event was inaugurated by **Dr K. Sri Krishna** (Principal) with unconditional support from **Dr. Praveen Srinivas** (Secretary, H.C.D.S.H.). The cyclothone included 15 rounds of college campus to induct a healthy initiative for dental doctors followed by a skit on trauma management of sports injuries in kids.

The programme was organized by **Dr. Vipin R Ahuja** (Professor & H.O.D.) and his team, **Dr Swati Singh** (Reader), PG students (**Dr Sumit Kumarr Betal, Dr Subhadip Biswas, Dr Swati Murmu, Dr. Areej Fatma** and **Dr. Kulshreshta** (Tutor). The dental skit was performed by Interns (**Dr. Ekta, Dr Nikunj, Dr. Aiman, Dr Tejaswini and Anshu**) in the Out Patient Department of the dental college to educate the children and their parents regarding the management protocols of dental trauma with special focus on tooth avulsion. Voluminous well-regarded faculties and students participated in the affair and made it a colossal accomplishment.

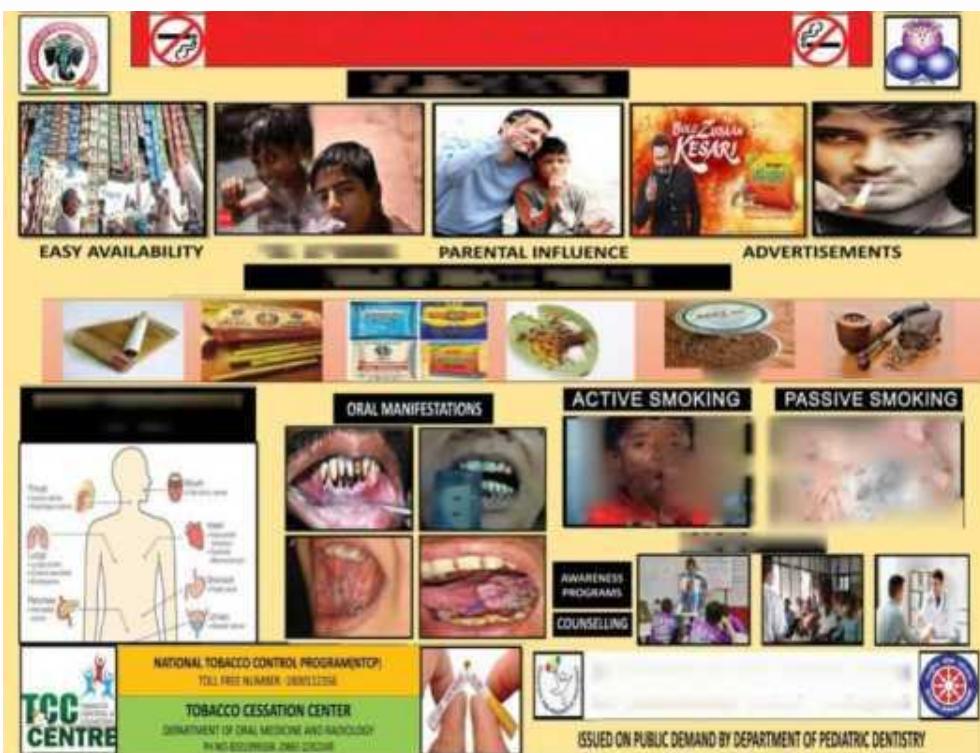

# Sibar Institute of Dental Sciences, Guntur Andhra Pradesh

## World No Tobacco Day

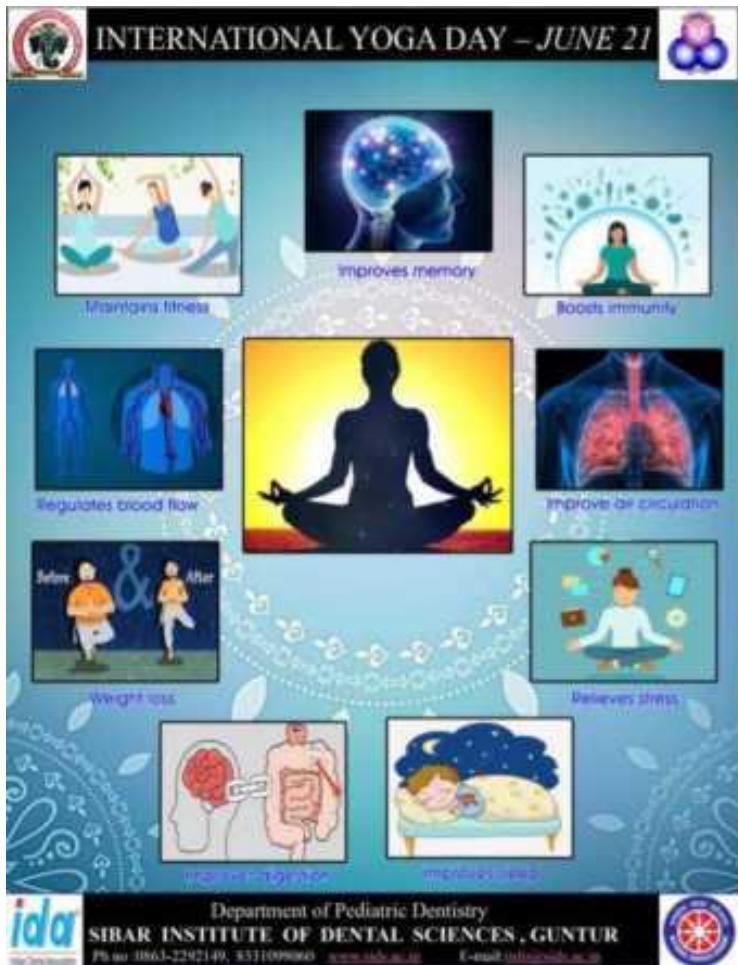

Usage of tobacco related products (smoke and smokeless) have increased a lot in the recent times particularly in adolescents leading to premalignant lesions and subsequently oral cancers. As a part of the awareness campaign children and parents were sensitized regarding the ill effects of tobacco usage in a government high school near Chilakaluripet and the parents who accompany their children to our institute.

This program was organized by department of Pediatric dentistry, Indian society of Pedodontics and Preventive Dentistry in collaboration with department of Oral medicine (TCC) and National Service Scheme.

# International Yoga Day

On the eve of international yoga day department of Pediatric dentistry, Sibar institute of dental sciences, Guntur, A.P; Indian Society of Pedodontics and Preventive Dentistry; IDA Guntur branch and National Service Scheme jointly organised a lecture on importance of Yoga for general well being following which the faculty, post graduate and under graduate students actively participated in the yoga practice session.

# Launch of PREASY for making pediatric dental prescriptions easy!

PREASY ("Writing PRESCRIPTION made EASY"), an android app for dentists to make prescriptions with precise dosages for children, was launched by the legendary dentist Dr Sandesh Mayekar, in a function at Sea Princess, Juhu, Mumbai on 30th April, 2022. It's now available on Google Playstore.

This app has an in-built calculator for calculating dosages of drugs for children. It also makes a prescription ready to share in various ways. PREASY makes prescriptions three times faster, and with more accuracy than the handwritten prescriptions! PREASY is thus an 'easy' choice for a 'busy' dentist!

PREASY works in four quick steps:

Step 1: Register as the Dentist.

Step 2: Enter the patient details.

Step 3: Select medicines (PREASY will calculate dosages as per the weight of the child).

Step 4: Generate and share the prescription.

## About Team PREASY:

The app was conceptualized by **Dr. Ashwin Jawdekar**, who is a Professor and Head, Department of Pediatric and Preventive Dentistry Bharati Vidyapeeth Deemed-to-be University Dental College and Hospital, Navi Mumbai (India) and Director of Little Smiles Childcare Pvt. Ltd. The app was developed by **Dr. Kedar Bakshi** (Dental Surgeon and Consultant Implantologist) and **Malhar Bakshi** (an Engineering student). Research on the app was conducted by **Dr. Shamika Kamath** (Assistant Professor, Department of Pediatric and Preventive Dentistry Bharati Vidyapeeth Deemed-to-be University Dental College and Hospital, Navi Mumbai), **Dr Ashwin Jawdekar** and **Dr. Amar Katre** (Professor and Head, Department of Pediatric and Preventive Dentistry GD Pol Foundation's YMT Dental College and Hospital, Navi Mumbai).

The app-launch is another step in the series of success stories so far:

1. PREASY APP development received partial funding for research from Bharati Vidyapeeth Deemed to be University, Pune.
2. Research based on PREASY APP was published in a peer reviewed international journal: Kamath et al: Comparison of Dentist Preference towards Software Based Versus Handwritten Prescriptions in Pediatric Dental Patients- A Mixed Methods Study. JPRI, 33(41A): 41-49, 2021.
3. A paper by Dr Shamika Kamath at the Conference of South Asian Association of Pediatric Dentistry in Pune (December 2021) won a joint third prize in Faculty presentations.

"PREASY is a digital solution for an everyday need of writing a quality prescription. It is possible to integrate PREASY in a face-to-face as well as online consultations. It not only makes the dentist's job easy but also gives the patient a satisfactory experience.", said Dr Ashwin Jawdekar.

# Member's Achievements

**Dr. Nikhil Srivastava**, Professor & Head, Pediatric and Preventive Dentistry Principal, Subharti Dental College & Hospital, Dean, Faculty of Dental Science, Swami Vivekanand Subharti University, Meerut, UP was elected as Member of Dental Council of India for third tenure and appointed as the Principal member of the Dentistry Sectional Committee MHD 08, Bureau of Indian Standards (BIS) Govt of India.

**Dr. Vijay Prakash Mathur** was awarded with the Fellowship of Royal College of Physicians and Surgeons of Glasgow, UK and was appointed as a member of the publications committee of Journal of Dental Research- the official publication of the International Association of Dental Research.

**Dr. Naveen Kumar Ramagoni**, has been granted India-Patent for a unique design to prevent cross contamination in Dental office by incorporating the aerosol box connected with MPHFS (Mukti portable hepa filtering system) which also addresses the regular suction contaminated aerosol liberated into the dental office environment. This design has been very novel and addressing 95% prevention of aerosol contamination as authenticated by DRDL, for the same.

**Dr. Sonali Saha**, Professor and Head, Department of Pediatric and Preventive Dentistry, Sardar Patel Post Graduate Institute of Dental and Medical Sciences, Lucknow, was awarded as the best Pedodontist of the year in Asia Pacific Dental Excellence Awards 2022

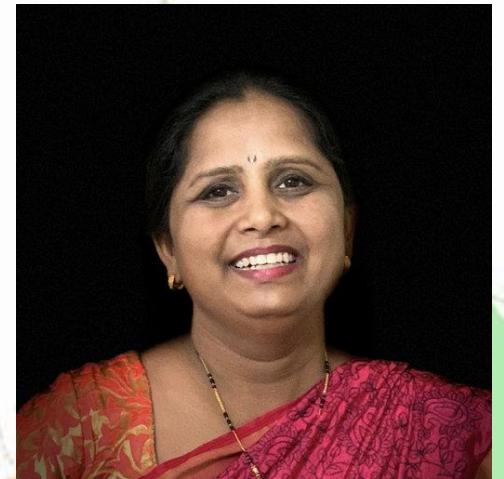

**Dr Syed Gulbar Shah**, 2<sup>nd</sup> Yr MDS student of Indira Gandhi Government Dental College and Hospital Rehari, Jammu won the best oral paper presentation award in 18th ISPPD PG Convention, Lucknow, 7th-9th April 2022. The College was also awarded with the 3<sup>rd</sup> prize in the World Oral Health Day Celebration Contest 2022.

**Dr. Nitesh Tewari**, Additional Professor, Pediatric and Preventive Dentistry, Centre for Dental Education and Research, All India Institute of Medical Sciences, New Delhi was awarded the prestigious T C White Award of Royal College of Physicians and Surgeons of Glasgow, United Kingdom and Appointed as the Secretary/Treasurer of Evidence Based Dentistry Network of International Association of Dental Research, USA.

**Dr. Nilima Thosar**, Professor and Head, Department of Pediatric and Preventive Dentistry, Sharad Pawar Dental College and Hospital Datta Meghe Institute of Medical Sciences (Deemed-to-be University) Sawangi won the Dr. Nilima Thosar received “YO! Little smiles award” - “Teacher of the year” on date: 30/04/2022 by Yogi Enterprises. **Dr. Simran Das**, 2nd MDS student received First prize in paper presentation competition in NIDACON Conference which was held on 8th, 9th and 10th April, 2022 at Nagpur.

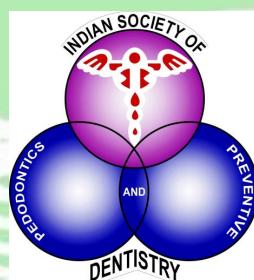

## Remembrance

**Dr Latha Anandkrishna**

# 29<sup>th</sup> IAPD CONGRESS

MAASTRICHT, JUNE 14 - 17, 2023  
[www.iapd2023.org](http://www.iapd2023.org)

**JOIN THE INTERNATIONAL ASSOCIATION OF PAEDIATRIC DENTISTRY AT THE 29<sup>th</sup> EDITION OF THE IAPD CONGRESS, TAKING PLACE FROM JUNE 14 - 17, 2023 IN MAASTRICHT, THE NETHERLANDS.**

A unique opportunity for paediatric dentistry professionals and specialists to come together and share knowledge.

- Discover the latest research findings in different fields of paediatric dentistry
- Network with the specialty's top academics and practitioners
- Over 1,200 delegates from more than 70 countries

A broad and challenging scientific program: *Joining Forces in Paediatric Dentistry*. From integrated care that should exceed national borders to uniting development, research and education:

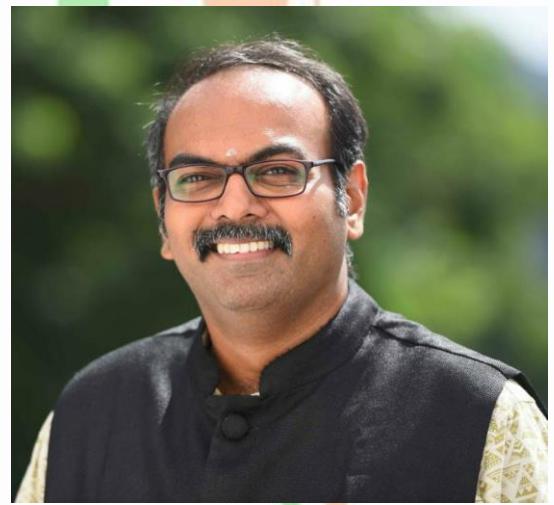

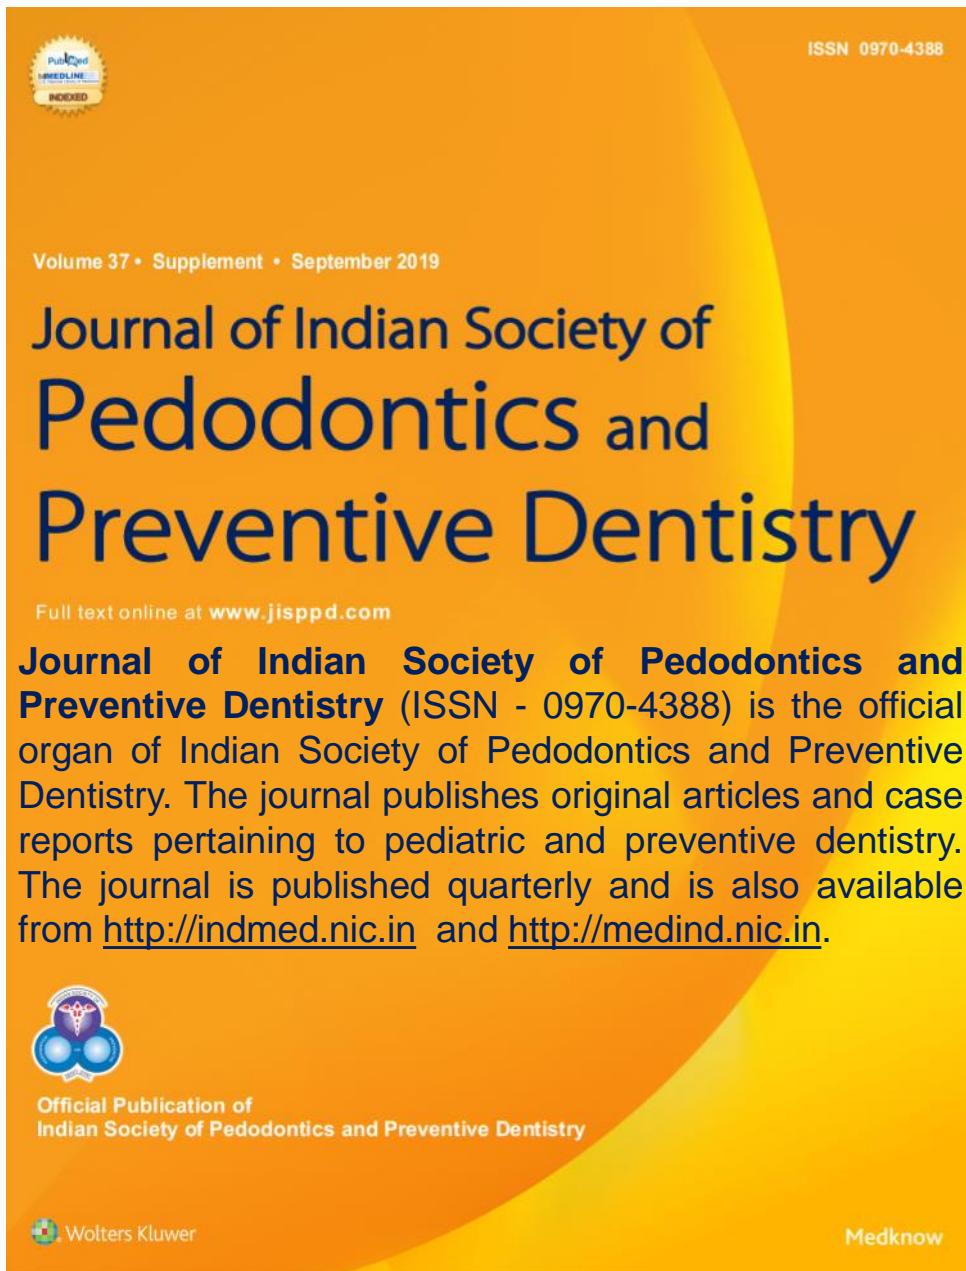

**Join Forces!**

The IAPD counts 73 member societies, including the Dutch Society of Paediatric Dentistry (NVvK), which will be the host of IAPD 2023.

**Local Organizing Committee**

Martine van Gemert-Schriks, Peter Lanssen, Bernadet Spaan, Denise Duijster & Nanda Greving-Visser
